

# Press Release Quick Tips

Direct incandescent replacement LED lamp that delivers improved illumination, durability and long life

Distribution Date: October, 2018

Product Name: T-1 3/4 Sub-Miniature LED lamp

Product Description: T-1 3/4 Sub-Miniature LED replacement lamps

Key Markets/Applications:

- Industrial Equipment
- Maintenance and Warning Indication
- Instrumentation
- Transportation
- Status Indication
- Trucks

Key Benefits	Product Specifications
<ul style="list-style-type: none"> <li>• LED replacement for incandescent lamps in a variety of colors and voltages and is ideal for mission critical applications</li> <li>• T-1 3/4 Sub-Miniature LED replacement lamps delivers reliable, long life and preferable indication</li> <li>• Offered in a range of various bases and fit into standard sockets</li> <li>• Available with a variety of LEDs and provides low energy consumption, fast on/off cycling, low heat generation, and long operating life</li> <li>• Available in six single colors: red, amber, green, orange, blue, white and one bi-color red/green combination</li> <li>• Different lamp bases are available: bayonet, flange, groove, screw, and wedge</li> <li>• Low power consumption - uses up to 90% less energy than an incandescent lamp</li> <li>• LEDs operate significantly cooler than traditional lamps</li> <li>• Designed for quick installation and reduces overall cost due to less-frequent replacements</li> </ul>	<ul style="list-style-type: none"> <li>• T-1 3/4 sub-miniature LED lamp (light bulb)</li> <li>• Voltage: 2-28 VDC</li> <li>• Base: bi-pin, bayonet, flange, groove, screw, wedge</li> <li>• Available in six LED single colors: red, amber, green, orange, blue, white</li> <li>• Available in one bi-color: red/green</li> <li>• Low power consumption - uses up to 90% less energy than an incandescent lamp</li> <li>• Single chip based LED</li> <li>• Mounts directly into industry standard sockets</li> <li>• Direct incandescent replacement</li> <li>• Low heat generation, LEDs operate significantly cooler than traditional lamps</li> <li>• Designed for quick installation and reduces overall cost due to less-frequent replacements</li> <li>• Fast on/off cycling, shock resistance, and long operating life</li> <li>• Compliant with RoHS and REACH</li> </ul>
