

EU REACH Regulation-Substance of Very High Concern (SVHC)

This statement is made in response to the European Union's regulation for Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) (EC 1907/2006) known as REACH 1, for Registration, Evaluation, Authorization and Restriction of Chemicals and its impact on our manufactured products.

REACH requires suppliers of articles* to communicate the presence of any SVHC's listed by the European Chemicals Agency (ECHA) in Annex XVII, under the provisions of the REACH Regulation, if the following conditions are met as per Articles 7, 33 and 67.

- The substances are included in the Candidate List** last updated by ECHA on July 16, 2019 and is present in the articles produced and/or imported at a concentration of >0.1% (w/w).
- The total amount of the substance present in all the articles produced and/or imported, which contain more than 0.1% (w/w) of the substance, exceeds 1 ton per year for the producer/importer.

Visual Communications Company, LLC (VCC) is aware and in support of the requirements listed under the regulation. As it is in our best interest to comply with the legal and environmental requirements it implies, VCC is on constant review and monitoring of materials for VCC, Leecraft, Littlelite, CML, DDP, LedCo product lines.

Please contact us with any regards to the compliance of any the compliance of any of these parts individually
