

California Proposition 65 Positioning Statement

January 2026

This statement is being made in response to the many requests regarding the status of Visual Communications Company, LLC. (VCC) compliance with respect to California's Proposition 65.

Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. Our parts are assembled into internal finished products and are not normally accessible to consumer during ordinary use. Also our parts are assembled in a way that does not result in employee or consumer exposure to listed chemicals via inhalation, ingestion, or skin absorption. Therefore our parts are exempt from CA Prop 65 scope.

Respectfully,

A handwritten signature in blue ink, appearing to read "Andy Zanelli", is written over the printed name.

Andy Zanelli

CEO
